Re: _____

CASE NUMBER

Payment for your Day Care Service will stop on _____ if your Day Care
Provider's license is not renewed. (Month) (Day) (Year)

This action is being taken due to the anticipated unlicensed status of your child's Day Care Provider.

Provider's Name: _____

The Division of Family Services is prohibited by contract from making payment to unlicensed facilities. If you wish to continue to receive day care services from the Division of Family Services, please contact me immediately upon receipt of this notice. I will try to assist you in locating a placement for your child at a licensed day care facility.

If you do not wish to find another placement for your child or no other placement is available in your area, your day care service will stop at the end of the provider's license.

If at a later date you find another licensed day care facility, or if your provider's license is renewed, you may contact the above office to request restoration of your day care services.

Sincerely,

SIGNATURE
